

ATTENTION TRAPPERS!!!!

Has business been slow??? Would you like to increase your profits with no additional effort on your part??? “I know ... dumb question...” As a trapper, you know when raccoons, opossums, bats, ect..., move into your clients’ homes they bring all their friends with them, including the nasty parasites, diseases, viruses and even plagues. Damages to the insulation air-condition ductwork, soffit/fascia, and even roof damages, just to name a few, and we didn’t even mention the urine, feces and ODOR, yuck....

What does that mean to you? For over a decade we have been working with certified trappers to become the leader in the industry to set the standard for all others to follow. A+ Restorations was the first bio-hazardous animal remediation company. We specialize in cleaning and repairing behind animals that enter the attic or under manufactured homes. We work with the homeowners and their insurance companies to remove all these pathogens, restore their homes to a pre-animal condition and discourage re-entry of future animals. **How can this help you?**

As a trapper you come into contact with homeowners who have had or currently have RACCOONS, OPOSSUMS, or BATS in their attic or under their manufactured homes. This is an opportunity to make additional profit. Each referral we receive from you and convert to a full remediation, you, as the trapper will receive \$1000.00 as a referral fee. You have the ability to maximize your earnings with little to no effort on your part. That means turning a typical \$325.00 raccoon trapping job into a \$1325.00 raccoon trapping job and the best part is you don’t even have to close the hole... and that means less work and more money for you. **And wait, there’s more.....**

Preferred Trappers with A+ Restorations also receive additional benefits. These benefits include free sales leads in your area, free training seminars to help build your profit, incentive bonuses, including new traps, cash prizes, and even trips to Las Vegas. **Wow....** Excited yet?

A+ Restorations advertises in several different mediums, including print ads, television advertising, and a dynamic new website. Don't miss your opportunity to take advantage of our advertising to increase your sales ... for **FREE!!!!**

Call our office today to speak to Susan or Ray and they will explain the program to you and get your company registered for additional benefits available only to **Preferred Trappers**.
